

Music And Computers Major Assignment

What: High quality production of MIDI files, .wav files, .mp3 files and/ or audio/video tapes related to:

- Music Production.
- audio and/ or music for websites, games, videos, or other uses.

Who: Individuals or groups up to a maximum of 4 people.

How: This assignment is worth 100 marks which are broken down as:

- /10 Proposal; Sheet in which you present to teacher; (Can be found online)
- a) Who is in your group.
 - b) What you plan to do.
 - c) Plan of Action: How you plan to complete your project, including a rough schedule regarding use of studio, MIDI workstations, computer, video, etc. for each week
 - d) What resources you will need. (MIDI files, access to Internet, videos, CDS, etc., etc.)
- Due; this Proposal sheet is due Wednesday November 16
Mr. Thompson will then meet with you (or your group) to solidify your Plan of Action and to book studio, MIDI etc.
- /10 Daily Log; At the end of each period you will hand in a Daily Log Sheet using FileMaker Pro briefly describing what you accomplished in the Period and what you plan to accomplish in the next class.
On Friday of each week you will hand in a rough schedule for the next week's work.
- /30 Progress Assessments; Your product will be assessed at 3 stages of development prior to completion;
Friday Nov. 25, Friday Dec. 9, Thursday Dec. 22, 2011
- /40 Final Product; Your final production(s) will be assessed on its overall quality, creativity, and how well it will meet its intended use.
January 23, 2011: **Part of Final Evaluation**
- /10 End Analysis; A brief report which answers some basic questions about your project such as;
- What were some of the problems encountered?
 - What things went smoothly?
 - What would you have done differently?
 - Create a set of rules/ instructions to guide someone else through a similar project.
- Due January 23, 2011
